

Media and Photography

Creative Media Production & Technology (Film, TV & Radio)

Campus: Rotherham College

Code: RFEMP004

Level: 3

About This Course

Are you passionate about the world of media? Are you ready to embark on an exciting journey that could launch your career in film, television, or the ever-evolving realm of online content creation? Look no further than our exhilarating Level 3 Media course.

Throughout this two-year program, you will have the unique opportunity to dive deep into the captivating worlds of filming, TV production, and radio. Our hands-on approach will unleash your creativity and equip you with the skills needed to excel in all aspects of the media industry. Imagine working on live client briefs, developing innovative short film ideas, and even delving into the captivating realm of documentary filmmaking. Through practical projects and the exploration of relevant theory, you will gain the strongest foundation for future employment in media production, film studies, television production, freelance work, or higher education.

At Rotherham College, we provide an immersive learning experience that mirrors the professional environment. You will have access to cutting-edge industry-standard equipment, including the latest software such as Adobe Creative Cloud. Our TV studio and Radio Booths create a dynamic atmosphere that mimics real-world industry settings, preparing you for the job gaps in the ever-evolving media marketplace. Throughout the course, you will delve into a wide range of captivating topics, including practical media through pre-production, production, and

post-production phases. You will explore film production, media/film theory, and the art of creating captivating products for audiences and clients using industry-standard equipment. Additionally, you will immerse yourself in the fascinating world of radio production.

By focusing on different areas of the creative media industry that employers and companies value, we ensure that you develop the skills and expertise that make you stand out in the job market. Each project you undertake will offer a focused study into an important industry area, allowing you to acquire skills applicable to media, film and sound. You will acquire a vast array of skills necessary for a career in the TV and film industry, through a wide variety of creative projects, you will gain hands-on experience and develop essential skills that are sought after by industry professionals.

But that's not all!

Throughout the course, you'll engage in exciting endeavours such as producing music videos, creating advertisements, developing captivating documentaries, maybe even crafting your own podcasts and short films. You will master the art of working with live TV studios, honing your lighting and camera skills, and gaining proficiency in audio production and editing software. Scriptwriting knowledge and theoretical understanding will further enhance your creative prowess.

Whether you dream of working in film, television, marketing, or the contemporary realms of online content creation like YouTube and social media, our course provides the stepping stone to an exciting career. The media industry is fast-paced, and with your acquired skills, you can pursue various specialisations such as research, screenwriting, project management, editing, post-production, and distribution. The possibilities are limitless!

Upon completion of this full-time, two-year course, you will be well-prepared to thrive in the screen

industries. You'll have the opportunity to develop skills using industry-standard post-production platforms, delve into cinematography, lighting, and sound recording techniques, and explore software packages like Adobe Premiere, After Effects, Photoshop, and Audition. Embrace the world of media, unleash your creativity, and discover the boundless opportunities that await you. Join us on this thrilling journey where your imagination takes centre stage, and your dreams become reality. Enrol onto our Level 3 Media Production (Film/TV) course today and embark on a path to an exhilarating career in the captivating realm of media and entertainment!

What Will I Study?
